

IslandWide Sports Welcome Package 2026 version 1.1

Welcome Parents and coach packet

Information and Welcome Page

Welcome:

Thank you for choosing Island wide sports NFL Youth Flag Football Program for your child. We look forward to providing you and your child with a high quality program and experience. We know you have choices when it comes to youth sports so we are thrilled to have you join us this season!

I've signed up my child...what do I do now?

You will be contacted by a coach following the coaches meeting. The coach will be providing you with information about your practices and game schedules. If no one has volunteered to coach your team as of the coaches meeting then Island Wide Sports will be contacting your team roster to recruit a coach. If no one volunteers we will then look to place your child on a different team.

You will need to register your child through Island Wide Sports by going to the following site www.islandwidesports.com and clicking the register button. By filling out this form your child will receive secondary player accident and health insurance coverage through island wide sports. All players must be registered on this site prior to their first practice.

How are rosters created?

Island Wide Sports uses the following procedure to create rosters:

1. An attempt will be made to place children from the same age group.
2. An attempt will be made to place children from the previous year's roster together.
3. If necessary, children from schools in close geographical proximity will be placed together
4. If a child's registration is turned in at the end of the registration process, he/she will be placed on a team that needs players and only if space allows.
5. If a child requests a particular coach, an effort will be made to place that child on the requested coaches' team, however this is not guaranteed. This process of creating teams allows us to have kids go to school together play together. This procedure for creating teams allows parents to share rides to practices, games and also provides for shorter, more convenient trips to local practice.
6. Are teams are equipped for a 10 man roster with two substitutes.
7. We do not cap are teams or turn down any player as long as there are room on that team.
8. Please also advise that are team are not based on experience and are based on the teaching of the sport.

Who will be my child's coach?

Coaches typically are parent volunteers who have indicated an interest in coaching their child's team on a registration form. Some coaches are volunteers who may not have a child playing, yet would like to volunteer as a coach.
